- (b) the person acquires a security entitlement to the security under section 95.

## Acquiring financial assets

(2) A person acquires a financial asset, other than a security, or an interest in such a financial asset under this Act if the person acquires a security entitlement to the financial asset.

(3) A person who acquires a security entitlement to a security or other financial asset has the rights specified in Part 6, but is a purchaser of any security, security entitlement or other financial asset held by a securities intermediary only to the extent provided in section 97.

**Operation of Act: other laws**

(4) Unless the context of another statute, law, regulation, rule or agreement shows that a different meaning is intended, a person who is required by that statute, law, regulation, rule or agreement to transfer, deliver, present, surrender, exchange or otherwise put in the possession of another person a security or other financial asset, satisfies that requirement by causing the other person to acquire an interest in the security or other financial asset as set out in subsection (1) or (2).

- 18.** A person has notice of an adverse claim if

**Notice of transfer**

**19.** (1) Having knowledge that a financial asset, or an interest in a financial asset, is being or has been transferred by a representative does not impose any duty of inquiry into the rightfulness of the transaction and is not notice of an adverse claim.

**Delay**

**20.** An act or event that creates a right to immediate performance of the principal obligation represented by a security certificate, or that sets a date on or after which a security certificate is to be presented or surrendered for redemption or exchange, does not

by itself constitute notice of an adverse claim except in the case of a transfer that takes place more than

- (a) one year after a date set for presentation or surrender for redemption or exchange; or
- (b) six months after a date set for payment of money against presentation or surrender of the security certificate, if money was available for payment on that date.

- (b) the representative's action in making the endorsement, instruction or entitlement order or using the proceeds of the transaction is otherwise a breach of duty owed by the representative.

Endorsement, instruction or entitlement order remains effective

**31.** If a security is registered in the name of or specially endorsed to a person described as a representative, or if a securities account is maintained in the name of a person described as a representative, an endorsement, instruction or entitlement order made by the person is effective even if the person is no longer serving in that capacity.

Date when effectiveness is determined

**32.** (1) The effectiveness of an endorsement, instruction or entitlement order is determined as of the date that the endorsement, instruction or entitlement order is made.

Exception

(3) A securities intermediary referred to in subsection (1) or a broker or other agent or bailee referred to in subsection (2) is liable to a person having an adverse claim to, or a security interest in, the financial asset if the securities intermediary, broker or other agent or bailee, as the case may be, did one or more of the following:

- (a) took the action described in subsection (1) or (2) after having been served with an injunction, restraining order or other legal process issued by a court of competent jurisdiction enjoining the securities intermediary, broker or other agent or bailee, as the case may be, from doing so and after having had a reasonable opportunity to obey or otherwise abide by the injunction, restraining order or other legal process;
- (b) acted in collusion with the wrongdoer in violating the rights of the person who has the adverse claim or the person who has the security interest;
- (c) in the case of a security certificate that has been stolen, acted with notice of the adverse claim.

Acquiring security entitlement for value

(2) A securities intermediary that acquires a security entitlement to a financial asset from another securities intermediary, acquires the security entitlement for value if the securities intermediary acquiring the security entitlement establishes a security entitlement to the financial asset in favour of an entitlement holder.

## PART 3

## ISSUE AND ISSUER

Terms of security: certificated security

**56.** (1) Even against a purchaser for value and without notice, the terms of a certificated security include

- (a) the terms stated on the security certificate; and
- (b) any terms made part of the security by reference on the security certificate to another instrument, indenture or other document or to a statute, regulation, rule, order or the like, to the extent that those terms do not conflict with the terms stated on the security certificate.

Reference to another instrument or document

(2) A reference described in paragraph (1)(b) does not by itself constitute notice to a purchaser for value of a defect that goes to the validity of the security, even if the security certificate expressly states that a person accepting it admits notice.

Terms of security: uncertificated security

(3) The terms of an uncertificated security include those stated in any instrument, indenture or other document or in a statute, regulation, rule, order or the like under which the security is issued.

Enforcement of security: unauthorized signature

**57.** (1) An unauthorized signature placed on a security certificate before or in the course of issue is ineffective except that the signature is effective in favour of a purchaser for value of the certificated security if the purchaser is without notice of the lack of authority and the signing has been done by

- (a) an authenticating trustee, registrar, transfer agent or other person entrusted by the issuer with the signing of the security certificate or of any similar security certificate or with the immediate preparation for signing of any of those security certificates; or
- (b) an employee of the issuer, or of any persons referred to in paragraph (a), entrusted with responsible handling of the security certificate.

Defect going to validity

(2) Except as provided in subsection (3), a security issued with a defect going to its validity is enforceable against the issuer if held by a purchaser for value and without notice of the defect.

Exception

(3) Subsection (2) does not apply to a security issued by a government or an agency of it, unless

- (a) there has been substantial compliance with the legal requirements governing the issue; or

- (b) the issuer has received all or a substantial part of the consideration for the issue as a whole or for the particular security, and the purpose of the issue is one for which the issuer has power to borrow money or issue the security.

#### Lack of genuineness of certificated security

**58.** Except as otherwise provided in subsection 57(1), lack of genuineness of a certificated security is a complete defence, even against a purchaser for value and without notice of the lack of genuineness.

#### Other defences

**59.** All other defences of the issuer of a security that are not referred to in sections 56 to 58, including non-delivery and conditional delivery of a security, are ineffective against a purchaser for value who has taken the security without notice of the particular defence.

#### Right to cancel contract

**60.** Nothing in sections 56 to 59 affects the right of a party to a "when, as and if issued" contract or a "when distributed" contract to cancel the contract in the event of a material change in the character of the security that is the subject of the contract or in the plan or arrangement under which the security is to be issued or distributed.

#### Staleness as notice of defect or defence

**61.** (1) After an act or event that creates a right to immediate performance of the principal obligation represented by a certificated security or that sets a date on or after which the security is to be presented or surrendered for redemption or exchange, a purchaser is deemed to have notice of any defect in the security's issue or of any defence of the issuer

- (a) if
  - (i) the act or event requires that, on presentation or surrender of the security certificate, money be paid, a certificated security be delivered or a transfer of an uncertificated security be registered,
  - (ii) the money or security is available on the date set for payment or exchange, and
  - (iii) the purchaser takes delivery of the security more than one year after the date referred to in subparagraph (ii); or
- (b) if
  - (i) the act or event is not one to which paragraph (a) applies, and
  - (ii) the purchaser takes delivery of the security more than two years after the date on which performance became due or the date set for presentation or surrender.

#### Exception

(2) Subsection (1) does not apply to a call that has been revoked.

#### Effect of issuer's restriction on transfer

**62.** A restriction on the transfer of a security imposed by the issuer, even if otherwise lawful, is ineffective against a person without knowledge of the restriction unless

- (a) the security is a certificated security and the restriction is noted conspicuously on the security certificate; or
- (b) the security is an uncertificated security and the registered owner has been given a notice of the restriction by a person required to give such notice in order to make the restriction effective.

#### Completion of security certificate

**63.** (1) If a security certificate contains the signatures necessary to the security's issue or transfer but is incomplete in any other respect,

- (a) any person may complete the security certificate by filling in the blanks in accordance with the person's authority; and
- (b) even if any of the blanks are incorrectly filled in, the security certificate as completed is enforceable by a purchaser who took the security certificate for value and without notice of the incorrectness.

#### Enforceability of improperly altered complete security certificate

(2) A complete security certificate that has been improperly altered, even if fraudulently, remains enforceable, but only according to its original terms.

#### Rights and duties of issuer: registered owners

**64.** (1) Before due presentation for registration of transfer of a certificated security in registered form or the receipt of an instruction requesting registration of transfer of an uncertificated security, an issuer or indenture trustee may treat the registered owner as the person exclusively entitled

- (a) to vote;
- (b) to receive notices;
- (c) to receive any interest, dividend or other payments; and
- (d) to otherwise exercise all the rights and powers of an owner.

#### Liability of registered owner

(2) Nothing in this Act affects the liability of the registered owner of a security for a call, assessment or the like.

#### Warranties by person signing security certificate

**65.** (1) A person signing a security certificate as authenticating trustee, registrar, transfer agent or the like warrants to a purchaser for value of the certificated security, if the purchaser is without notice of a particular defect in respect of that security, that

- (a) the security certificate is genuine;
- (b) the person's own participation in the issue of the security is within the person's capacity and within the scope of the authority received by the person from the issuer; and

- (c) the person has reasonable grounds to believe that the certificated security is in the form and within the amount the issuer is authorized to issue.

#### Limitation

(2) Unless otherwise agreed, a person signing a security certificate under subsection (1) does not assume responsibility for the validity of the security in any respect other than that set out in subsection (1).

#### Issuer's lien

**66.** A lien in favour of an issuer on a certificated security is valid against a purchaser only if the right of the issuer to the lien is noted conspicuously on the security certificate.

#### Overissue

**67.** (1) Except as otherwise provided in subsections (2) and (3), the provisions of this Act that make a security enforceable against an issuer despite a defence or defect or that compel a security's issue or reissue, do not apply to the extent that the application of such provision would result in an overissue.

#### Identical security reasonably available for purchase

(2) If an identical security not constituting an overissue is reasonably available for purchase, a person entitled to issue of a security, or a person entitled to enforce a security against an issuer despite a defence or defect as provided under section 57, 58 or 59 or under a similar law of another jurisdiction, may compel the issuer to purchase the security and deliver it, if certificated, or register its transfer, if uncertificated, against surrender of any security certificate the person holds.

#### Identical security not reasonably available for purchase

(3) If an identical security not constituting an overissue is not reasonably available for purchase, a person entitled to issue of a security, or a person entitled to enforce a security against an issuer despite a defence or defect as provided under section 57, 58 or 59 or under a similar law of another jurisdiction, may recover from the issuer the price that the last purchaser for value paid for the security with interest from the date of the person's demand.

#### Overissue deemed not to have occurred

(4) An overissue is deemed not to have occurred if appropriate action has cured the overissue.

## PART 4

## TRANSFER OF CERTIFICATED AND UNCERTIFICATED SECURITIES

## DIVISION 1

## DELIVERY AND RIGHTS OF PURCHASER

## Delivery of certificated security

- 68.** (1) Delivery of a certificated security to a purchaser occurs when
- (a) the purchaser acquires possession of the security certificate;
  - (b) another person, other than a securities intermediary, either
    - (i) acquires possession of the security certificate on behalf of the purchaser, or
    - (ii) having previously acquired possession of the security certificate, acknowledges that the person holds the security certificate for the purchaser; or
  - (c) a securities intermediary acting on behalf of the purchaser acquires possession of the security certificate, the security certificate is in registered form and the security certificate is
    - (i) registered in the name of the purchaser,
    - (ii) payable to the order of the purchaser, or
    - (iii) specially endorsed to the purchaser by an effective endorsement and has not been endorsed to the securities intermediary or in blank.

## Delivery of uncertificated security

- (2) Delivery of an uncertificated security to a purchaser occurs when
- (a) the issuer registers the purchaser as the registered owner, on the original issue or the registration of transfer; or
  - (b) another person, other than a securities intermediary, either
    - (i) becomes the registered owner of the uncertificated security on behalf of the purchaser, or
    - (ii) having previously become the registered owner, acknowledges that the person holds the uncertificated security for the purchaser.

## Rights of purchaser

- 69.** (1) Except as otherwise provided in subsections (2) and (3), a purchaser of a certificated or uncertificated security acquires all rights in the security that the transferor had or had power to transfer.

## Purchaser of limited interest

- (2) A purchaser of a limited interest in a security acquires rights only to the extent of the interest purchased.

#### Previous holder with notice of adverse claim

(3) A purchaser of a certificated security who as a previous holder had notice of an adverse claim does not improve that purchaser's position by virtue of taking from a protected purchaser.

#### Protected purchaser

**70.** A protected purchaser, in addition to acquiring the rights of a purchaser, also acquires the purchaser's interest in the security free of any adverse claim.

## DIVISION 2

### ENDORSEMENTS AND INSTRUCTIONS

#### Form of endorsement

**71.** (1) An endorsement may be in blank or special.

#### Endorsement in blank

(2) An endorsement in blank includes an endorsement to bearer.

#### Special endorsement

(3) For an endorsement to be a special endorsement, the endorsement must specify to whom the security is to be transferred or who has power to transfer the security.

#### Conversion from blank to special

(4) A holder may convert an endorsement in blank to a special endorsement.

#### Endorsement of part of security certificate

**72.** An endorsement of a security certificate, if the endorsement purports to be in respect of only some of the units represented by the certificate, is effective to the extent of the endorsement if the units are intended by the issuer to be separately transferable.

#### When endorsement constitutes transfer of security

**73.** An endorsement of a security certificate, whether special or in blank, does not constitute a transfer of the security

- (a) until the delivery of the security certificate on which the endorsement appears; or
- (b) if the endorsement is on a separate document, until the delivery of both the security certificate and the document on which the endorsement appears.

#### Endorsement missing

**74.** If a security certificate in registered form has been delivered to a purchaser without a necessary endorsement, the purchaser may become a protected purchaser only when the endorsement is supplied, but against the transferor, the transfer is complete on delivery and the purchaser has a specifically enforceable right to have any necessary endorsement supplied.

## Notice of adverse claim on endorsement

**75.** A purported endorsement of a security certificate in bearer form may constitute notice of an adverse claim to the security certificate, but the purported endorsement does not otherwise affect any right that the holder has.

## Obligations of endorser

**76.** Unless otherwise agreed, a person making an endorsement makes only the warranties set out in sections 33 and 35 and does not warrant that the security will be honoured by the issuer.

## Completion of instruction

**77.** If an instruction has been originated by the appropriate person but is incomplete in any other respect, any person may complete the instruction in accordance with the person's authority and the issuer may rely on the instruction as completed, even if it has been completed incorrectly.

## Obligations of person originating instruction

**78.** Unless otherwise agreed, a person originating an instruction makes only the warranties set out in sections 34 and 36 and does not warrant that the security will be honoured by the issuer.

## DIVISION 3

SIGNATURE GUARANTEES AND OTHER REQUISITES  
FOR REGISTRATION OF TRANSFER

## Warranties by guarantor of endorser's signature

**79.** A person who guarantees a signature of an endorser of a security certificate warrants that, at the time of signing,

- (a) the signature was genuine;
- (b) the signer was the appropriate person to endorse or, if the signature is by an agent, the agent had actual authority to act on behalf of the appropriate person; and
- (c) the signer had legal capacity to sign.

## Warranties by guarantor of signature of originator of instruction

**80.** (1) A person who guarantees a signature of the originator of an instruction warrants that, at the time of signing,

- (a) the signature was genuine;
- (b) if the person specified in the instruction as being the registered owner was, in fact, the registered owner, the signer was the appropriate person to originate the instruction or, if the signature is by an agent, the agent had actual authority to act on behalf of the appropriate person; and
- (c) the signer had legal capacity to sign.

### Limitation

(2) A person who guarantees a signature of the originator of an instruction does not by that guarantee warrant that the person who is specified in the instruction as the registered owner is in fact the registered owner.

### Warranties by special guarantor of signature of originator of instruction

**81.** A person who specially guarantees the signature of an originator of an instruction makes the warranties of a signature guarantor under section 80 and also warrants that, at the time that the instruction is presented to the issuer,

- (a) the person specified in the instruction as the registered owner of the uncertificated security will be the registered owner; and
- (b) the transfer of the uncertificated security requested in the instruction will be registered by the issuer free from all liens, security interests, restrictions and claims other than those specified in the instruction.

### Warranty: rightfulness of transfer by guarantor

**82.** (1) A guarantor under section 79 or 80 or a special guarantor under section 81 does not otherwise warrant the rightfulness of the transfer.

### Warranties by guarantor of endorsement of security certificate

(2) A person who guarantees an endorsement of a security certificate makes the warranties of a signature guarantor under section 79 and also warrants the rightfulness of the transfer in all respects.

### Warranties by guarantor of instruction: transfer of uncertificated security

(3) A person who guarantees an instruction that requests the transfer of an uncertificated security makes the warranties of a special guarantor under section 81 and also warrants the rightfulness of the transfer in all respects.

### Guarantee not to be condition to registration of transfer

**83.** An issuer shall not require a special guarantee of signature, a guarantee of endorsement or a guarantee of instruction as a condition to the registration of transfer.

### Liability of guarantor

**84.** (1) The warranties under sections 79 to 82 are made to a person taking or dealing with the security in reliance on the guarantee and the guarantor is liable to the person for any loss resulting from any breach of those warranties.

### Liability of endorser or originator

(2) An endorser or an originator of an instruction whose signature, endorsement or instruction has been guaranteed is liable to a guarantor for any loss suffered by the guarantor resulting from any breach of the warranties of the guarantor.

## Purchaser's right to requisites for registration of transfer

**85.** (1) Unless otherwise agreed, the transferor of a security shall, on demand, supply the purchaser with proof of authority to transfer or with any other requisite necessary to obtain registration of the transfer of the security.

## Exception

(2) Despite subsection (1), if the transfer is not for value, a transferor need not comply with a demand made under subsection (1) unless the purchaser pays the necessary expenses.

## Transferor's failure to comply

(3) If the transferor fails within a reasonable time to comply with the demand made under subsection (1), the purchaser may reject or rescind the transfer.

## PART 5

## REGISTRATION

## Duty of issuer to register transfer

**86.** (1) If a certificated security in registered form is presented to an issuer with a request to register a transfer of the certificated security or an instruction is presented to an issuer with a request to register a transfer of an uncertificated security, the issuer shall register the transfer as requested if

- (a) under the terms of the security, the proposed transferee is eligible to have the security registered in that person's name;
- (b) the endorsement or instruction is made by the appropriate person or by an agent who has actual authority to act on behalf of the appropriate person;
- (c) reasonable assurance is given that the endorsement or instruction is genuine and authorized;
- (d) any applicable law relating to the collection of taxes has been complied with;
- (e) the transfer does not violate any restriction on transfer imposed by statute or by the issuer in accordance with section 62;
- (f) in the case of a demand made under section 88 that the issuer not register a transfer,
  - (i) the demand has not become effective under section 88, or
  - (ii) the issuer has complied with section 89, but legal process has not been obtained or an indemnity bond has not been provided to the issuer in accordance with section 90; and
- (g) the transfer is rightful or is to a protected purchaser.

### Liability of issuer

(2) If, under subsection (1), an issuer is under a duty to register a transfer of a security, the issuer is liable to a person presenting a certificated security or an instruction for registration, or to that person's principal, for any loss resulting from unreasonable delay in registration or the failure or refusal to register the transfer.

### Assurances: endorsement or instruction

**87.** (1) An issuer may require the following assurance that each necessary endorsement or each instruction is genuine and authorized:

- (a) in all cases, a guarantee of the signature of the person making the endorsement or originating the instruction, including, in the case of an instruction, reasonable assurance of identity;
- (b) if the endorsement is made or the instruction is originated by an agent, appropriate assurance of actual authority to act;
- (c) if the endorsement is made or the instruction is originated by a fiduciary or successor referred to in paragraph (d) or (e) of the definition "appropriate person" in subsection 1(1), appropriate evidence of appointment or incumbency;
- (d) if there is more than one fiduciary or successor referred to in paragraph (d) or (e) of the definition "appropriate person" in subsection 1(1), reasonable assurance that all who are required to sign have done so;
- (e) if the endorsement is made or the instruction is originated by a person not referred to in paragraph (b), (c) or (d), assurance appropriate to the case corresponding as nearly as may be to the assurance required by paragraph (b), (c) or (d).

### Reasonable assurance beyond requirements

(2) An issuer may elect to require reasonable assurance beyond that specified in this section.

### Definitions

(3) In this section,

"appropriate evidence of appointment or incumbency" means

- (a) in the case of a fiduciary appointed or qualified by a court, a document issued by or under the direction or supervision of the court or an officer of the court and dated within 60 days before the date of presentation for transfer, and
- (b) in any other case,
  - (i) a copy of a document showing the appointment,
  - (ii) a certificate certifying the appointment issued by or on behalf of a person reasonably believed by the issuer to be a responsible person, or

- (ii) in the absence of a document or certificate referred to in subparagraph (i) or (ii), other evidence that the issuer reasonably considers appropriate; (*preuve appropriée de la nomination ou du mandat*)

"fiduciary" means any person acting in a fiduciary capacity, and includes a personal representative acting for the estate of a deceased person; (*représentant*)

"guarantee" means a guarantee signed by or on behalf of a person reasonably believed by the issuer to be a responsible person. (*garantie*)

#### Standards of responsibility

(4) For the purposes of the definition "guarantee" in subsection (3), an issuer may adopt any standards with respect to responsibility so long as those standards are not manifestly unreasonable.

#### Demand that issuer not register transfer

**88.** (1) A person who is the appropriate person to make an endorsement or to originate an instruction may demand that the issuer not register a transfer of a security by communicating a notice to the issuer setting out

- (a) the identity of the registered owner;
- (b) the issue of which the security is a part; and
- (c) an address of the person making the demand to which communications may be sent.

#### Effectiveness of demand

(2) A demand made under subsection (1) becomes effective when the issuer has had a reasonable opportunity to act on the demand, having regard to the time and manner of receipt of the demand by the issuer.

#### Duty of issuer: demand to not register transfer

**89.** (1) If, after a demand made under section 88 becomes effective, a certificated security in registered form is presented to an issuer with a request to register a transfer or an instruction is presented to an issuer with a request to register a transfer of an uncertificated security, the issuer shall promptly give a notice as described in subsection (2) to the following persons:

- (a) the person who initiated the demand, at the address provided in the demand;
- (b) the person who presented the security for the registration of transfer or originated the instruction requesting the registration of transfer.

### Substance of notice

- (2) A notice given by an issuer under subsection (1) must state
- (a) that the certificated security has been presented for the registration of transfer or the instruction for the registration of transfer of the uncertificated security has been received;
  - (b) that a demand that the issuer not register a transfer had previously been received; and
  - (c) that the issuer will withhold registration of transfer for a period of time stated in the notice in order to provide the person who initiated the demand an opportunity to obtain legal process or to provide an indemnity bond referred to in section 90.

### Time limit for withholding registration of transfer

(3) The period of time that may be provided for under paragraph (2)(c) must not exceed 30 days from the date the notice was given and the issuer may specify a shorter period of time in the notice so long as the shorter period of time being specified is not manifestly unreasonable.

### Liability of issuer: demand to not register transfer

**90.** (1) An issuer is not liable, to a person who initiated a demand under section 88 that the issuer not register a transfer, for any loss that the person suffers as a result of the registration of a transfer in accordance with an effective endorsement or instruction if the person who initiated the demand does not, within the time stated in the issuer's notice given under section 89, either

- (a) obtain an appropriate restraining order, injunction or other process from a court of competent jurisdiction enjoining the issuer from registering the transfer; or
- (b) provide the issuer with an indemnity bond sufficient in the issuer's judgment to protect the issuer and any transfer agent, registrar or other agent of the issuer involved from any loss that those persons may suffer by refusing to register the transfer.

### No relief from liability

(2) Nothing in subsection (1) or in section 88 or 89 relieves an issuer from liability for registering a transfer under an endorsement or instruction that was not effective.

### Wrongful registration of transfer

**91.** (1) Except as otherwise provided in section 93, an issuer is liable for wrongful registration of transfer if

- (a) the issuer has registered a transfer of a security to a person not entitled to the security; and
- (b) the transfer was registered by the issuer
  - (i) under an ineffective endorsement or instruction,
  - (ii) after a demand that the issuer not register a transfer became effective under section 88 and the issuer did not comply with section 89,

- (iii) after the issuer had been served with an injunction, restraining order or other legal process referred to in section 90 enjoining the issuer from registering the transfer and the issuer had a reasonable opportunity to obey or otherwise abide by the injunction, restraining order or other legal process, or
- (iv) acting in collusion with the wrongdoer.

#### Liability

- (2) An issuer that is liable for the wrongful registration of transfer under subsection (1) shall, on demand, provide the person entitled to the security with
- (a) a like certificated or uncertificated security, as the case may be; and
  - (b) any payments or distributions that the person did not receive as a result of the wrongful registration.

#### Overissue

(3) If the provision of a security under subsection (2) would result in an overissue, the issuer's liability to provide the person with a like security is governed by section 67.

#### Limitation

(4) Except as otherwise provided in subsection (1) or in any applicable law of Canada or of any province or territory of Canada relating to the collection of taxes, an issuer is not liable to an owner or other person suffering loss as a result of the registration of transfer of a security if the registration was made under an effective endorsement or instruction.

#### Replacement of lost, destroyed or wrongfully taken security certificate

- 92.** (1) If an owner of a certificated security, whether in registered form or bearer form, claims that the security certificate has been lost, destroyed or wrongfully taken, the issuer shall issue a new security certificate if the owner
- (a) so requests before the issuer has notice that the lost, destroyed or wrongfully taken security certificate has been acquired by a protected purchaser;
  - (b) provides the issuer with an indemnity bond sufficient in the issuer's judgment to protect the issuer from any loss that the issuer may suffer by issuing a new certificate; and
  - (c) satisfies any other reasonable requirements imposed by the issuer.

#### Protected purchaser presents certificate after replacement issued

- (2) If, after the issue of a new security certificate, a protected purchaser of the original security certificate presents the original security certificate for the registration of transfer, the issuer
- (a) shall register the transfer unless the registration would result in an overissue, in which case the issuer's liability is governed by section 67;

- (b) may exercise the rights the issuer may have under the indemnity bond referred to in paragraph (1)(b); and
- (c) may recover the new security certificate from a person to whom it was issued or from any person, other than a protected purchaser, taking under that person.

Obligation to notify issuer of lost, destroyed or wrongfully taken security certificate

**93.** An owner of a security may not assert against the issuer a claim for wrongful registration of transfer under section 91 or a claim to a new security certificate under section 92 if

- (a) a security certificate has been lost, apparently destroyed or wrongfully taken and the owner fails to give a notice to the issuer of that fact within a reasonable time after the owner has notice of it; and
- (b) the issuer registers a transfer of the security before receiving a notice of the loss, apparent destruction or wrongful taking of the security certificate.

Obligation of authenticating trustee, registrar, transfer agent or other agent

**94.** A person acting as authenticating trustee, registrar, transfer agent or other agent for an issuer in the registration of a transfer of the issuer's securities, in the issue of new security certificates or uncertificated securities or in the cancellation of surrendered security certificates, has the same obligation to the holder or owner of a certificated or uncertificated security with regard to the particular function performed as the issuer has in regard to that function.

## PART 6

### SECURITY ENTITLEMENTS

Acquisition of security entitlement

**95.** (1) Except as otherwise provided in subsections (3) and (4), a person acquires a security entitlement if a securities intermediary

- (a) indicates by book entry that a financial asset has been credited to the person's securities account;
- (b) receives a financial asset from the person or acquires a financial asset for the person and, in either case, accepts it for credit to the person's securities account; or
- (c) becomes obligated under another statute, law, regulation or rule to credit a financial asset to the person's securities account.

Acquisition if securities intermediary does not hold financial asset

(2) If a condition of subsection (1) has been met, a person has a security entitlement even if the securities intermediary does not itself hold the financial asset.

**Holding financial asset directly**

(3) A person is to be treated as holding a financial asset directly rather than as having a security entitlement with respect to the financial asset if a securities intermediary holds the financial asset for that person and the financial asset

- (a) is registered in the name of, payable to the order of or specially endorsed to that person; and
- (b) has not been endorsed to the securities intermediary or in blank.

**Issuance of security**

(4) Issuance of a security is not establishment of a security entitlement.

**Protection of entitlement holders from adverse claim**

**96.** A legal proceeding based on an adverse claim to a financial asset, however framed, may not be brought against a person who acquires a security entitlement under section 95 for value and without notice of the adverse claim.

**Property interest of entitlement holders in financial asset**

**97.** (1) To the extent necessary for a securities intermediary to satisfy all security entitlements with respect to a particular financial asset, all interests in that financial asset held by the securities intermediary

- (a) are held by the securities intermediary for the entitlement holders;
- (b) are not the property of the securities intermediary; and
- (c) are not subject to claims of creditors of the securities intermediary, except as otherwise provided in section 105.

**Proportionate interest**

(2) An entitlement holder's property interest with respect to a particular financial asset under subsection (1) is a proportionate property interest in all interests in that financial asset held by the securities intermediary, without regard to

- (a) the time that the entitlement holder acquired the security entitlement; or
- (b) the time that the securities intermediary acquired the interest in that financial asset.

**Enforcement of property interest against securities intermediary**

(3) An entitlement holder's property interest with respect to a particular financial asset under subsection (1) may be enforced against the securities intermediary only by the exercise of the entitlement holder's rights under sections 99 to 102.

**Enforcement of property interest against purchaser**

(4) An entitlement holder's property interest with respect to a particular financial asset under subsection (1) may be enforced against a purchaser of the financial asset, or interest in it, only if

- (a) bankruptcy or insolvency proceedings have been initiated by or against the securities intermediary;

- (b) the securities intermediary does not have sufficient interests in the financial asset to satisfy the security entitlements of all of its entitlement holders to that financial asset;
- (c) the securities intermediary violated its obligations under section 98 by transferring the financial asset, or interest in it, to the purchaser; and
- (d) the purchaser is not protected under subsection (7).

#### Recovery by trustee or liquidator

(5) For the purposes of subsection (4), a trustee or other liquidator acting on behalf of all entitlement holders having security entitlements with respect to a particular financial asset may recover the financial asset, or interest in it, from the purchaser.

#### Recovery by entitlement holder

(6) If the trustee or other liquidator elects not to pursue the right provided under subsection (5), an entitlement holder whose security entitlement remains unsatisfied has the right to recover the entitlement holder's interest in the financial asset from the purchaser.

#### Protection of purchaser for value

(7) A legal proceeding based on the entitlement holder's property interest with respect to a particular financial asset under subsection (1), however framed, may not be brought against any purchaser of a financial asset, or interest in it, who

- (a) gives value;
- (b) obtains control or possession; and
- (c) does not act in collusion with the securities intermediary in violating the securities intermediary's obligations under section 98.

#### Duty of securities intermediary: financial asset

**98.** (1) A securities intermediary shall promptly obtain and then maintain a financial asset in a quantity corresponding to the aggregate of all security entitlements that the securities intermediary has established in favour of its entitlement holders with respect to that financial asset.

#### Maintaining financial assets

(2) The securities intermediary may maintain the financial assets referred to in subsection (1) directly or through one or more other securities intermediaries.

#### No granting of security interests

(3) Except to the extent otherwise agreed to by its entitlement holder, a securities intermediary may not grant any security interests in a financial asset it is obligated to maintain under subsection (1).

#### Standard of care

- (4) A securities intermediary satisfies the duty imposed under subsection (1) if
- (a) the securities intermediary acts with respect to the duty as agreed to by the entitlement holder and the securities intermediary; or

- (b) in the absence of an agreement referred to in paragraph (a), the securities intermediary exercises due care in accordance with reasonable commercial standards to obtain and maintain the financial asset.

#### Exception

(5) This section does not apply to a clearing agency that is itself the obligor of an option or similar obligation to which its entitlement holders have security entitlements.

#### Duty of securities intermediary: payments and distributions

**99.** (1) A securities intermediary shall take action to obtain a payment or distribution made by the issuer of a financial asset.

#### Obligation to entitlement holder

(2) A securities intermediary is obligated to its entitlement holder for a payment or distribution made by the issuer of a financial asset if the payment or distribution is received by the securities intermediary.

#### Standard of care

- (3) A securities intermediary satisfies the duty imposed under subsection (1) if
  - (a) the securities intermediary acts with respect to the duty as agreed to by the entitlement holder and the securities intermediary; or
  - (b) in the absence of an agreement referred to in paragraph (a), the securities intermediary exercises due care in accordance with reasonable commercial standards to attempt to obtain the payment or distribution.

#### Duty of securities intermediary to exercise rights

**100.** (1) A securities intermediary shall exercise rights with respect to a financial asset if directed to do so by an entitlement holder.

#### Standard of care

- (2) A securities intermediary satisfies the duty imposed under subsection (1) if
  - (a) the securities intermediary acts with respect to the duty as agreed to by the entitlement holder and the securities intermediary; or
  - (b) in the absence of an agreement referred to in paragraph (a), the securities intermediary either
    - (i) places the entitlement holder in a position to exercise the rights directly, or
    - (ii) exercises due care in accordance with reasonable commercial standards to follow the direction of the entitlement holder.

#### Duty of securities intermediary to comply with entitlement order

**101.** (1) A securities intermediary shall comply with an entitlement order if

- (a) the entitlement order is originated by the appropriate person;
- (b) the securities intermediary has had a reasonable opportunity to

- assure itself that the entitlement order is genuine and authorized;  
and
- (c) the securities intermediary has had a reasonable opportunity to comply with the entitlement order.

#### Liability if financial asset wrongly transferred

(2) If a securities intermediary transfers a financial asset under an ineffective entitlement order, the securities intermediary shall

- (a) re-establish a security entitlement in favour of the person entitled to it; and
- (b) pay or credit any payments or distributions that the person did not receive as a result of the wrongful transfer.

#### Liability for damages

(3) If a securities intermediary does not re-establish a security entitlement in accordance with subsection (2), the securities intermediary is liable to the entitlement holder for damages.

#### Standard of care

- (4) A securities intermediary satisfies the duty imposed under subsection (1) if
- (a) the securities intermediary acts with respect to the duty as agreed to by the entitlement holder and the securities intermediary; or
  - (b) in the absence of an agreement referred to in paragraph (a), the securities intermediary exercises due care in accordance with reasonable commercial standards to comply with the entitlement order.

#### Duty of securities intermediary: entitlement holder's direction

- 102.** (1) A securities intermediary shall act at the direction of an entitlement holder
- (a) to change a security entitlement into another available form of holding for which the entitlement holder is eligible; or
  - (b) to cause the financial asset to be transferred to a securities account of the entitlement holder with another securities intermediary.

#### Standard of care

- (2) A securities intermediary satisfies the duty imposed under subsection (1) if
- (a) the securities intermediary acts with respect to the duty as agreed to by the entitlement holder and the securities intermediary; or
  - (b) in the absence of an agreement referred to in paragraph (a), the securities intermediary exercises due care in accordance with reasonable commercial standards to follow the direction of the entitlement holder.

#### Duties of securities intermediary: general

**103.** (1) If the substance of a duty imposed on a securities intermediary under section 98, 99, 100, 101 or 102 is the subject of another statute, regulation or rule, compliance with that other statute, regulation or rule satisfies the duty.

#### Limits on securities intermediary's duties

(2) The obligation of a securities intermediary to perform the duties imposed under sections 98 to 102 is subject to

- (a) the rights of the securities intermediary arising out of a security interest, whether that security interest arises under a security agreement with the entitlement holder or otherwise; and
- (b) the rights of the securities intermediary under another statute, law, regulation, rule or agreement to withhold performance of its duties as a result of unfulfilled obligations of the entitlement holder to the securities intermediary.

#### Actions prohibited by law

(3) Nothing in sections 98 to 102 requires a securities intermediary to take any action that is prohibited by another statute, regulation or rule.

#### Commercially reasonable standard

(4) To the extent that specific standards for the performance of any duties of a securities intermediary or the exercise of the rights of an entitlement holder are not specified by another statute, regulation or rule or by agreement between the securities intermediary and the entitlement holder, the securities intermediary shall perform its duties and the entitlement holder shall exercise the entitlement holder's rights in a commercially reasonable manner.

#### Rights of purchaser: adverse claim

**104.** (1) In a case not covered by the priority rules under the *Personal Property Security Act* or the rules set out in subsection (3), a legal proceeding based on an adverse claim to a financial asset or a security entitlement, however framed, may not be brought against a person who purchases a security entitlement, or interest in it, from an entitlement holder if that purchaser

- (a) gives value;
- (b) does not have notice of the adverse claim; and
- (c) obtains control.

#### Protection of purchaser from adverse claim

(2) If a legal proceeding based on an adverse claim could not have been brought against an entitlement holder under section 96, a legal proceeding based on the adverse claim may not be brought against a person who purchases a security entitlement, or interest in it, from the entitlement holder.

### Priority rules

(3) In a case not covered by the priority rules under the *Personal Property Security Act*, the following rules apply:

- (a) a purchaser for value of a security entitlement, or interest in it, who obtains control has priority over a purchaser of a security entitlement, or interest in it, who does not obtain control;
- (b) except as otherwise provided in subsection (4), purchasers who have control rank according to priority in time of
  - (i) the purchaser's becoming the person for whom the securities account in which the securities entitlement is carried is maintained, if the purchaser obtained control under paragraph 25(1)(a),
  - (ii) the securities intermediary's agreement to comply with the purchaser's entitlement orders with respect to security entitlements carried or to be carried in the securities account in which the security entitlement is carried, if the purchaser obtained control under paragraph 25(1)(b), or
  - (iii) if the purchaser obtained control through another person under paragraph 25(1)(c), the time on which priority would be based under this subsection if the other person were the purchaser.

### Priority of securities intermediary as purchaser

(4) A securities intermediary as purchaser has priority over a conflicting purchaser who has control unless otherwise agreed by the securities intermediary.

### Priority of entitlement holders to financial asset

**105.** (1) Except as otherwise provided in subsections (2) and (3), if a securities intermediary does not have sufficient interests in a particular financial asset to satisfy both the securities intermediary's obligations to entitlement holders who have security entitlements to that financial asset and the securities intermediary's obligation to a creditor of the securities intermediary who has a security interest in that financial asset, the claims of entitlement holders, other than the creditor, have priority over the claim of the creditor.

### When creditor has priority

(2) A claim of a creditor of a securities intermediary who has a security interest in a financial asset held by a securities intermediary has priority over claims of the securities intermediary's entitlement holders who have security entitlements with respect to that financial asset if the creditor has control over the financial asset.

**When creditor has priority over entitlement holder**

(3) If a clearing agency does not have sufficient financial assets to satisfy both the clearing agency's obligations to entitlement holders who have security entitlements with respect to a financial asset and the clearing agency's obligation to a creditor of the clearing agency who has a security interest in that financial asset, the claim of the creditor has priority over the claims of entitlement holders.
