- 9.12 In exceptional cases where a Complainant demonstrates that it is unable to file a complaint within the timeframes set out in sub-section 9.11 (c), and that the failure to file the complaint in a timely manner was not due to matters over which it had control, the Tribunal may permit the filing of a late complaint. However, in no circumstance shall a late complaint be accepted for review if it is filed more than twenty (20) Business Days from the date of the award notice.
- 9.13 A complaint must be in writing, identify the Complainant, identify the Procurement Process at issue, contain a clear statement of the grounds of the complaint, identify the relevant part or parts of the NNI Policy that the Government of Nunavut is alleged to have breached, set out what form of relief is requested, and include all relevant information in the possession of the Complainant. Where the Tribunal decides that it has jurisdiction over the subject matter and that said complaint discloses a reasonable indication of a breach of the NNI Policy, the Tribunal shall notify the Complainant and any parties whose interests are affected that it will conduct a review.
- 9.16 The Tribunal shall establish procedures to permit parties to a complaint to file information and documents both in a public and confidential version. No one who has access to confidential information or documents shall disclose the confidential information or documents to anyone not authorized by the Tribunal to receive confidential information or documents.
- 9.17 Where the Tribunal decides to conduct a review, it may recommend a postponement of contract award if the Contract has not been awarded. Where the Tribunal recommends a postponement of contract award, the Government of Nunavut may, in exceptional cases, determine that the goods, services or construction required by the Contract are urgent or a delay in awarding the contract would be contrary to the public interest, and where such determination is received, the Tribunal shall rescind its recommendation for the postponement of contract award.

- 9.18 The Tribunal shall conduct a review process that is fair, expeditious and as informal as circumstances permit. The Tribunal's process must ensure that parties have a reasonable opportunity to present their cases, and to respond to the case submitted by opposing parties.
- 9.19 The Tribunal's proceedings shall be conducted by way of written process except where the Tribunal determines that an oral hearing is warranted and necessary in the interest of justice. The Tribunal may conduct the oral hearing in person, or by such electronic means it deems appropriate in the circumstances.
- 9.20 Following receipt of submissions of the parties, the Tribunal shall issue its decision as expeditiously as possible, but no later than thirty (30) days following the initiation of the review by the Tribunal. - 9.21 The Tribunal can decide that the complainant did not adequately demonstrate a breach of the NNI Policy and dismiss the complaint.

- 9.24 The Government of Nunavut shall implement all recommendations given by the Tribunal to the greatest extent possible. Where the Government of Nunavut certifies that, for reasons of sound procurement management and public policy, it is unable to implement any or all recommendations given by the Tribunal, it shall provide written reasons within sixty (60) days of the issuance of the Tribunal's decision and provide certification for its decision to the Tribunal and parties.
